

Ridgewood-Wilton Neighborhood Association

Letter From The President

Hello Neighbors!

I have not heard that any member of our Association has been stricken with Covid, but it may be that the news has simply not reached me. My heart goes out to any that have suffered this terrible sickness and to those whose families have been devastated by the 500,000 deaths reported in today's paper. I hope you are finding it possible to navigate the confusing appointment sites and if your eligibility is there, find an appointment for your shot. That plus continued social distancing and masks will eventually bring this under control and allow us to renew more normal lives.

COVID APPOINTMENTS. I just received an email from Assemblyman Santiago saying appointments are available at CVS pharmacies. Book through www.cvs.com or 800-746-7287. The nearest locations available are 3644 East Olympic Blvd., 1701 S. Western Ave., and 1919 S Hoover St. Good Luck!

VISITS. As the Association resumes its activities, I hope that I, another Board member or a volunteer will be able to visit every one of our residences. There are four items I hope to accomplish in the visit: (1) to update or confirm our record of names and contact information. This is important for our communication purposes and for emergency situations; (2) to gather information for use if there is a disaster such as the number of people in the home or requirements for assistance; (3) to give the opportunity to contribute your annual \$20 dues that helps the Association run and funds our events; (4) to ask you to join our Board and assist with the work of our Association. Finally – yes, one more despite my pledge – I want both you and I to be sure of your connection to our Association and community.

A sample of these questions is attached below.

GWNC ELECTIONS. The Greater Wilshire Neighborhood Council elections are underway, with all voting by mail. This is a useful and active group with sections that deal with land use (zoning), traffic and other questions that are our concerns too. The link to the ballot application portal is www.clerk.lacity.org/elections where you can apply until 9 March. Patricia Carroll is running unopposed from our area and deserves our support. Among the At-Large candidates is Brian Curran whose detailed articles about the legislative threats to abolish single family neighborhoods in the Larchmont *Chronical* are particularly helpful. Assistance is available at (213) 978-0444 or clerk.electionvbm@lacity.org

Bob Reeves,
President

Ridgewood-Wilton Neighborhood Association
